

June 2024 Edition

Editorial

Congratulations MEPs!

The European Energy Forum warmly congratulates all recently elected Members of the European Parliament.

We look forward to discussing constructively with you key energy, climate, and transport topics. Together, we can shape informative and constructive debates where all points of views will be heard to help design sustainable and innovative policies that will shape Europe's future.

A warm welcome back to re-elected EEF Active and thank you to all our former MEPs, who made the EEF successful in the last terms.

We will continue our outreach and build a strong base of Active Members with new MEPs.

Here's to a productive and collaborative term ahead!

EEF Past Discussions

Wrapping up the parliamentary term: An exchange with Executive Vice-President Šefčovič on EU's climate and energy policy

Tuesday 23 April

The dinner debate was a unique opportunity to listen to the Commission's point of view on the **achievements** of the past five years, and to understand its **main priorities for the next mandate**.

The potential and benefits of electrification

Tuesday 17 September | EP Strasbourg

Dinner Debate – Registration required
More information will be shared in the upcoming weeks!

New EEF Member

Eurofuel becomes Associate Member of the EEF

The European Liquid Heating Fuels Association (Eurofuel) represents organisations that promote the use of liquid fuels for domestic heating in Europe.

Our membership covers 10 European countries, including over 10,000 companies. Eurofuel is engaged in the promotion of existing and innovative techniques for liquid fuels for heating and equipment, in the domestic market. In this way, our members are committed to the energy transition: ensuring the competitiveness and efficiency of heating with liquid fuels, while also reducing its environmental footprint.

Eurofuel's main contact to the EEF is **Ms Federica Miano**, *Secretary General*.

ZEP becomes Associate Member of the EEF

Zero Emissions Platform (ZEP) is the trusted advisor to the European Union on industrial carbon management. Our comprehensive technical work and policy advice builds on a broad, diverse member base, ranging from energy producers and industrial companies to infrastructure and equipment providers, environmental NGOs, academia, and trade unions. ZEP runs the European Technology and Innovation Platform under the European SET-Plan funded by the Horizon Europe grant and collaborates closely with the European Commission. Our mission is to accelerate its deployment and the buildout of CO₂ infrastructure in line with Europe's climate ambition.

ZEP's main contact to the EEF is **Mr Eadbhard Pernot**, *Policy and Advocacy Director*.

2024 CCSA EU Conference

3 July 2024 - Brussels

Join the 2024 Carbon Capture and Storage Association's (CCSA) EU Conference on 3rd of July, in Brussels. Experience a day of insightful panels with 20+ industry and EU institution speakers discussing the future of CCUS in Europe!

[More info](#)

Eurogas Annual Renewable Gas Conference “Renewable gases: where is the demand?”

4 July 2024 – Brussels

Gathering renewable gaseous energy providers and end-users, the conference will discuss the challenges faced by the industry and the energy sector to deliver climate-neutrality by 2050. Two insightful sessions will focus on renewable gases in industry and the potential of renewable gases in terms of flexibility.
